LEVI LOUNGE

Upholstered with fabric blend of 25% viscose and 75% polyester which offers a combination of softness, breathability, and durability. The viscose component contributes to a soft and comfortable feel, while the polyester adds strength, wrinkle resistance, and easy care properties

Constructed with a heavy duty steel frame that translates to a longer lifespan for the furniture

With a large range of modular pieces, the possibilities are endless with the Levi Lounge. Consisting of any number of different shapes, the sectional lounge can be arranged into practically any desired shape to suit your space and functionality. The Levi Lounge is constructed with a heavy duty steel frame, with moulded injection foam for desired comfort. This will suit waiting areas, break out spaces and collaborative zones.

Seat and Back Colours:

Seat only Colours:

The Levi Lounge is also available for custom upholstery, allowing customers to personalise each piece to suit their unique preferences.

In-House Upholstery Team

Our in-house upholstery team is a key element of our service, providing you with the convenience of one-on-one and swift customisation.

With our skilled upholsterers right on-site, we can cater to your unique needs, ensuring a personalized touch to your orders. Whether you supply your own material or use our in-house material, we can work with either.

House Material Colours

Experience quick and high-quality re-upholstery with our exclusive 'House Material.' This premium fabric selection is conveniently stored in our Brisbane warehouse, and complemented by our skilled in-house upholstery team. This combination allows for customisation with a speedy completion and no MOQ's.

House Fabric and PU Colours

House Elements Commercial Fabric Range

Custom Seat Upholstery

Some of our most popular seating collections can be reupholstered to create a totally unique look—perfect for adding your own style or matching a specific space. Because it's all done on-site by our own upholstery team, who know the products inside and out, you get a custom finish with the same great quality and attention to detail.

Please note that minimum orders apply.

Workstation / Systems

LEAN

Unique angled 50x50mm black or white powder-coated steel legs

Telescopic beams to suit your desktop dimension

30mm Height adjustable feet

Lean is our workstation frame with a distinctive angled stance. Slim, modern, and built for flexible planning, Lean suits single runs, collaborative pods, and executive set-ups without feeling bulky. The angled profile adds a refined touch while keeping footprints efficient, and it pairs neatly with privacy screens and cable options for a tidy, focused workspace.

LOOP

80x30 black or white powder-coated loop steel legs

Telescopic beams to suit your desktop dimension

30mm Height adjustable feet

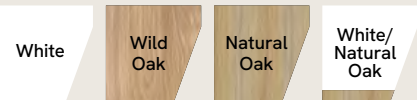

Loop is our refined and modern workstation frame system. Sleek, modular and purposefully built for flexibility, Loop is ideal for creating collaborative pod-style layouts and integrates seamlessly with a variety of partition systems. The collection also features a matching corner executive desk, offering a cohesive, high-end aesthetic across both open-plan and private office spaces. Constructed with durable 80x30mm powder-coated steel legs and backed by a 10-year warranty, Loop delivers both strength and style.

LINEAR

Angled 80x30mm
black or white
powder-coated
steel or wood legs

Telescopic
beams to suit
your desktop
dimension

Black or White
powder-coated
steel cap for
wood bases

Available with steel legs or a warm timber leg option, Linear pairs a refined leg profile with an angled 80x30 frame for a modern, welcoming finish. The range spans single desks, inline workstation systems, boardroom/meeting tables and tall tables, making it easy to create a cohesive fit-out from desking through to kitchens and boardrooms.

The Linear Workstation System is available in single inline or double inline configurations to suit your layout.

K2

Power box friendly dropped shared leg

High-strength steel with a durable black or white powder-coated finish

Integrated mounting points

A clean, minimal frame family with a streamlined structure and integrated mounting points for fast, tidy installs. Built from high-strength steel in a durable Black or White powder-coated finish, K2 is available as frame-only or paired with 25mm melamine tops, covering round and meeting table formats.

LINEAR

Angled 80x30mm
black or white
powder-coated
steel or wood legs

2 telescopic
beams to suit
your table
dimension

Black or White
powder-coated
steel cap for
wood bases

Available with steel legs or a warm timber leg option, Linear pairs a refined leg profile with an angled 80x30 frame for a modern, welcoming finish. The range spans single desks, inline workstation systems, boardroom/meeting tables and tall tables, making it easy to create a cohesive fit-out from desking through to kitchens and boardrooms. The 4- and 6-leg tables come in multiple sizes with our stocked E0 25 mm melamine tops or as frame-only to suit a custom top, with optional in-desk power boxes or cable stations for tidy connectivity.

DRUM BASES

Expertly crafted from robust steel and finished in a sleek matte black or white powder coat

Available in a variety of heights and diameters

Available for powder coating, allowing you to personalise each piece to suit your unique preferences.

Our Drum Bases, expertly crafted from robust steel and finished in a sleek matte black or white powder coat, provide exceptional durability and style. Available in a variety of heights and diameters, they offer versatile solutions for standard meeting tables or customisable options tailored to your unique requirements. Additionally, these bases can be custom powder-coated to match your specific design preferences. We recommend a minimum overhang of 300mm on your table top to provide ample leg room.

CORI DRUM BASE

CORI DRUM BASE

<i>CORI450</i>	450 Dia x 700H
<i>CORI600</i>	600 Dia x 700H

The Cori Drum Table Base is crafted from durable white powder-coated steel with a vertical corrugated design, offering strength, stability and a sleek textured look. Its drum-shaped silhouette pairs effortlessly with various tabletops, making it a versatile and stylish foundation for coffee, dining, or accent tables.

DISC BASES

Sturdy steel column reinforced with a disc base, offers a minimal and elegant look combined with durability.

Multiple support arms for table top tight mounting

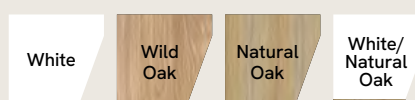

Our Disc Bases provide a minimal and elegant look with excellent durability. Flexible in design, the Disc Base can support a wide variety of tabletops in different shapes and sizes, from single to double-disc configurations, and even wall-mounted tops. With multiple base diameters to choose from, they offer versatility for standard meeting tables through to fully customised options.

Elements Commercial Fabric Range

Introducing our Elements Commercial Fabric Range, a collection that seamlessly blends strength and aesthetics. Crafted from woven textured fabric, these materials deliver not only durability but also a touch of style.

What distinguishes this collection is its lively, multicolored textures, which inject a dynamic and visually captivating aspect into any work or learning environment. Whether it's in a commercial or educational setting, it stands as the perfect choice for businesses seeking to enhance their interior design while ensuring long-lasting performance.

As an integral component of our House Material Collection, this Fabric Range is readily available at our Brisbane warehouse, ensuring swift and hassle-free customization options. Additionally, it is offered as a readily stocked option in both our Layla and Calypso Collections.

In-House Upholstery Team

Our in-house upholstery team is a key element of our service, providing you with the convenience of one-on-one and swift customisation.

With our skilled upholsterers right on-site, we can cater to your unique needs, ensuring a personalized touch to your orders. Whether you supply your own material or use our in-house material, we can work with either.

House Material Colours

Experience quick and high-quality re-upholstery with our exclusive 'House Material.' This premium fabric selection is conveniently stored in our Brisbane warehouse, and complemented by our skilled in-house upholstery team. This combination allows for customisation with a speedy completion and no MOQ's.
